WHAT'S NEW???

HAPPY SPRING! This April we are highlighting two menu items in honor of Earth Month- our Earth Goddess Salad featuring all local ingredients (details below) and climate-neutral aluminum bottled water from Open Water.

We will be donating **5%** of the sales of these two special items to City Sprouts, a Cambridge non-profit committed to educating elementary age students through hands-on learning in urban gardens.

Open Water, a woman-owned and LGBT-owned business (just like us!), has generously offered to match our donation to City Sprouts this month!

5% + 5% = 10% to **citysprouts**
Public school gardens for teaching and learning

HOW DO WE "CATER WITH A CONSCIENCE" ?

- We collect our kitchen's food waste to be picked up weekly by the City of Cambridge Zero Waste Program to be composted.
- We have pioneered the **Basil Bin Program** (a free service!): We leave a bin with you upon delivery for you to fill with used platters, bowls, lids and serving utensils. We then schedule a pick up so that we can sanitize and reuse these items and save them from ending up in the waste stream.

- All of our paper goods and utensils are compostable and made from renewable resources. We include them automatically at no charge, but to reduce waste, let us know if you do not want them.
- Our staff are all paid above the Cambridge Living Wage, receive generous paid time off, and are offered medical and dental insurance benefits.
- Reducing emissions in our fully electric vehicle!

When placing your order, please inform us if a person in your party has a food allergy.

We do our best to accommodate special diets, but please be aware we are not a vegetarian, nut-free, or gluten-free kitchen.
